

**PLEASE READ THE FOLLOWING CISRS REQUIREMENTS CAREFULLY:**

- CISRS approved Systems Product Training courses can only be added to CISRS Trainee, Scaffolder or Advanced cards. You will need to hold a minimum of a Part 1 course on a trainee card to have it endorsed.
1. Please note Labourer cards will not be endorsed with Systems Product Training.

CISRS do not issue a card solely for short duration systems product training. We do not recognise this training as a stand-alone qualification but as an endorsement to a CISRS registered/qualified card.

2. The systems product-training course must have taken place with a registered CISRS Centre and a copy of the certificate must be supplied with this application. Please do NOT send originals.
3. CISRS cards will be endorsed on the back e.g. System Product Training - Cuplok. A list of approved product training courses is listed on the CISRS website.

**Payment - please call 0300 999 1177 (option 1, option 2)** and make a payment via credit/debit card for £30.00, you will then be given an authorisation code to write on the front of the application. Or, if you hold an account with NOCN Group, please attach an official Purchase Order requesting an invoice. If you are making a new card application at the same time as a systems product endorsement application and return both completed forms simultaneously you will only require one payment of £30.00.

The application should be emailed or posted, with copies of certificates (where applicable), to:

**EMAIL TO:** cisrs@jobcards.org

**PLEASE NOTE** - if emailing in your application, you **MUST** print off this form, **complete and sign by hand, with a ball point pen**, before scanning back in and emailing to cisrs@jobcards.org, attaching any certificates, passport style photos etc that are required. Applications that are signed electronically will **NOT** be accepted and will be rejected back to you.
