About this section

How do I complete this section?

You should fill out this section to record:

- When
 - operating dates
 - the number of operating hours (Hours)
 - the total cumulative hours (Total to date) recorded to date
- What
 - the category of plant or equipment you used
 - the type of plant or equipment you used refer to the list in Section 3 for the Category and Endorsement codes
- Where
 - location of where you operated

Record the start and end date of the work completed. Daily, weekly or monthly entries are recommended, however, if you're operating the same machine in the same location over a period of time only one entry should be made, although it is recommended that this is limited to a period of not more than three months.

You should complete one set of pages for each category to enable the total cumulative hours completed to date to be recorded easily. Please use the tabs provided to separate the categories to make this process easier.

Who can endorse the operating record?

Each entry must be endorsed by someone who can confirm your operating experience on that machine or equipment. They must provide full contact details. The endorser must map your operating experience against the declaration on the next page.

What does operating hours mean?

"Operating hours" means when you used the machine or equipment for work. This does not include downtime., for example, when driving to and from the site or meal breaks.

Endorsement Declaration

I can confirm that the user of this Logbook is experienced in the following activities for which I have endorsed their work experience.

- 1 Preparing the machine or equipment for work, as per manufacturer's requirements
- 2 Transporting/manoeuvring the machine to the workplace in a safe manner (mobile plant only)
- 3 Setting the machine/equipment for work, as per manufacturer's and industrial requirements
- 4 Operating/using the machine or equipment, as per manufacturer's and industrial requirements
- 5 Carrying out work in a safe and efficient manner
- 6 Working to given instructions, dimensions and tolerances
- 7 Conforming to legislation, requirements and company regulations
- 8 Shutting down, securing and leaving the machine or equipment in a safe situation
- 9 Maintaining appropriate company records i.e. vehicle check forms, etc.

Appointed Person/Crane Supervisor Only

- 10 Planning or supervising lifting operations in accordance with regulations and official guidance
- 11 Constructing or following risk assessments, method statements and lift plans

Note: Appointed Persons/Crane Supervisors can record the type of lifts they have planned or supervised. Alternatively, you may complete the Renewal Competence Assessment which is available to download from the website.
